Smiles Day School

Smiles Day School is a private, non-profit, non-denominational year-round preschool program. We serve children, two-years & nine months to age five. We are licensed by the state and meet all requirements for staff, procedures and facilities.

At Smiles, it is our **goal** to provide parents with the knowledge that their children are being cared for by experienced and responsible staff. The children's emotional, developmental and physical needs are being met in a safe, healthy environment.

At Smiles Day School our **philosophy** is to teach

our children to socialize by learning to respect others, their thoughts and feelings. It is our **objective** to build positive feelings and self esteem; and to instill the ability to get along with others (both children and adults) outside of their families and to prepare them for elementary school. Our **approach** uses positive and clear direction; provides activities and interaction in an environment which the child can comfortably succeed.

Our structured program curriculum includes:

- Concept
- Outdoor Activities
- Art
- Science
- Music
- Pre-K Activities

- Story Time
- Movement
- Dramatic Play

Additional extra-curricular activities available are music and movement.

Substantial morning and afternoon snacks are provided.

Admissions

- Applications are accepted on a first come, first serve basis.
- Smiles has a non-discriminatory policy.
- Site tours are conducted in order of application submission as space becomes available.
- A one-time, non-refundable fee will be required to secure a space.
